

Drawing a picture:

Complete one of the picture with 5 to 10 objects. Then dictate where you drew your objects. When you finish, listen to your partner and draw the objects into the empty picture.

Battle

Work in groups of three. One student will choose one room and the other two students will take turns asking yes-no questions. If the answer is yes, then the student continues asking. If the answer is no, then the other student asks a question. The aim is to guess the picture first. You can guess only if it is your turn.
